Hi All,

### **Integration update**

We are pleased to advise that the ACCC has approved the transaction between Cleanaway and Suez for the acquisition of five transfer stations and two landfills in Sydney.

We are working through finalising a number of outstanding items with Suez and agreeing the completion date. The completion date is when transaction is completed and ownership transitions from Suez to Cleanaway.

We continue to work towards a completion date in December or in January 2022 and will confirm as soon as possible.

Kind regards,

**Stuart Baird**
